

PERSONAL DATA SECURITY / CYBER LIABILITY

Personal Data Security/Cyber Liability from New Empire Group is designed to protect Condominium Associations, Apartment Owners and Property Managers from security breaches that can result in liability for their organizations.

///// TYPES OF RISKS:

- Condominium Associations
- Apartment Buildings
- Homeowners Associations
- Property Managers
- ... and many more!

///// COVERAGE OPTIONS:

- Privacy Injury
- Identity Theft
- Network Damage
- Theft of others' information in their care including trade secrets

///// AVAILABLE LIMITS:

- Up to \$2,000,000

///// SUBMISSION REQUIREMENTS:

- Cyber Liability Program Application

///// PROGRAM HIGHLIGHTS:

- Simple Application Process
- Options to extend the entire Network, not just websites, even when that network is managed by a third party
- Options for employee claim vs. employers for unauthorized disclosure of their private information
- Options for security breach even by unauthorized employees who defeat your security
- Options for costs to comply with "Breach Notification" laws, or remedy a privacy law compliance deficiency if so notified by a regulator
